- Tamil (Native)

EDUCATION

B.Tech in Computer Science

Pondicherry Engineering

College

Puducherry, India

06/2013–05/2017

CERTIFICATIONS

AWS Certified Cloud Practitioner

Amazon Web Services • 2022

Scrum Fundamentals Certified

SCRUMstudy • 2021

EXPERIENCE

Founder & Product Architect

12/2024—Present

Ansiversa

Leading architecture, standards, and delivery for a parent platform and mini-app ecosystem.

- Defined a long term architecture contract for parent web plus 100+ mini app repositories.
- Standardized SSR first action workflows and Alpine store patterns across apps.
- Established freeze phase governance, verification gates, and AGENTS enforcement.

Senior Software Developer

01/2023—Present

Aerospace Logistics Company

Built enterprise-grade internal tools to improve operations and data visibility.

- Designed backend workflows and UI modules used by multiple operations teams.
- Improved release quality by introducing structured validation and QA checks.
- Delivered critical features with strict uptime and reporting requirements.

HIGHLIGHTS

- Built and governed a 100+ repository product ecosystem.
- Drove SSR first, action based patterns across mini apps.
- Focused on long term maintainability over short term hacks.

Software Developer

06/2019–12/2022

HCL Technologies

Delivered enterprise modules and maintained business-critical systems.

- Built maintainable APIs and front end modules for high volume internal users.
- Collaborated with QA and product teams to reduce defect rates.
- Improved performance for reporting and data heavy pages.

Junior Developer

01/2017–05/2019

Freelance / Client Projects

Built custom websites and automation scripts for small businesses.

- Delivered responsive websites and admin dashboards.
- Set up hosting, deployment pipelines, and monitoring basics.
- Supported clients with iterative feature enhancements.

PROJECTS

Ansiversa Web Platform

12/2024—Present

Parent platform for auth, app registry, roles, billing, and shared experience.

Resume Builder

01/2026—Present

Structured resume editor with template rendering, print workflow, and AI assistance.

Portfolio Creator

01/2026—Present

Portfolio management app with section-based editing and media upload support.

Quiz Platform

08/2025—Present

Step-based quiz flow with dynamic metadata and result tracking.
